Single Level, Period Charm, Fabulous Location

This attractive, free-standing 1930's solid brick period residence, one of only two, has a street-front location in an exclusive area and offers a spacious floorplan and proximity to the best of Kew.

The formal lounge room flows through to the formal dining room - each with an open fireplace - and a sun-drenched, glass-walled family room, which adjoins the well-appointed kitchen.

This residence is beautifully presented, with two bedrooms, high ornate ceilings, stained glass, small-paned upper sash windows and striking window sills. This period home also has ducted gas heating throughout and Daikin air conditioning.

A north-facing brick-paved courtyard is adjacent to the family room, and there is a single brick car garage.

Price:

\$1,175,000
